# THE GOLDEN TROPHY AWARDS

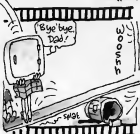

Introduced by Chris Smiley

Today's film is one of the great science fiction films of our time, featuring a man and a destiny!

One day a man called Walter wanted to be very famous. So he planned to be the first man to land on Mars...

Okay, you've got the fridge and the telly... now jump!

He blacked out as he sped upwards so he never realised he didn't quite reach Mars...

In fact, he just about reached Antarctica!

I'm here on Mars, and there's some Martians!

But his flight through space had been monitored by radar stations...

Greetings on people of Mars. I come in peace from planet Earth!

...who sent their army to check on the strange landing.

Take me to your leader!

Confusion reigned

Alien being, we come in peace. Come with us, our leader wants to meet you!

And I too, come in peace. I'd love to meet your leader!

So Walter did become famous, but not quite how he planned!

Greetings on Martians

Today an alien creature was captured while it tried to communicate with penguins near the South Pole...

Dad!

IN THE PREVIOUS DINK, TOM MANAGED TO GET ON OF HIS BOOTS TIED... BUT NOT ON HIS FOOT!

Galactic greetings, Piglets!  
If you don't enjoy the special

you must have plenty of space

### Nasty Lafts in Space

IF A MAN WAS  
BORN IN AMERICA,  
GREW UP ON MARS,  
MARRIED A  
VENUSIAN, THEN FELL  
INTO A BLACK HOLE,  
WHAT WOULD HE BE?  
ANSWER: DEAD!  
YOK, YOK!

### 5 TIPS FOR SPACE TRAVELLERS

1. Remember to go to the toilet before you set out.
2. Venusians have detachable limbs --- so never ask them to lend you a hand.
3. The natives on Mars may try to pinch your bottom --- so make sure it's firmly attached!
4. Don't try to hold up your trousers with the asteroid belt.
5. Stay at home.
